1.

The screenshot displays the iWMS software interface. The main window is titled 'iWMS - [입고예정관리]' and contains a tree view on the left showing a hierarchy of dates and codes. The central area is a form for managing inbound forecasts, with fields for '입고키', '상태', '타입', '입고접수키', and '기간계발주번호'. A table below the form lists items with columns for 'No', '품목코드', '품목명칭', '예정수량', '단위', '형태', and '예정수량'. A dialog box titled '수신조건' (Receiving Conditions) is open, showing '수신마감일' (Receiving Closing Date) as 2003-04-24 16:18:09:133 and '참고코드' (Reference Code) as 03. Blue callout boxes highlight specific fields and their corresponding labels:

- Callout 1 (top right) points to the '참고코드' field in the dialog box, listing:
  - a. OEM,
  - b.
  - c. RF
- Callout 2 (bottom left) points to the '참고코드' field in the main form, listing:
  - a. :
  - b. :
  - c. :
 The label 'Location' is positioned to the right of these items, and 'Flow' is positioned above them.

The screenshot shows the iWMS software interface. The main window has a menu bar with options: 파일(F), 보기(V), 도구(T), 데이터(D), 창(W), 도움말(H). Below the menu bar is a toolbar with icons for 시작, 종료, 조회, 전체선택, 지시작성, 지시해제, 인쇄, and 닫기. The main area is divided into several sections:

- 입고지시실행조건** (Inbound Order Execution Conditions): Includes a sub-section for **입고지시검색** (Inbound Order Search) with a text input field for **입고점수키** (Inbound Order Key) containing the value '284'.
- Table:** A table with columns: **활동중 flag**, **상태**, **품목코드**, and **품목명**. The first row shows:  **활동중**, **지시완료**, **A0020102**, and **소맥분타O**.
- Callout 'a.'**: Points to a window titled **iWMS - 입고작업지시** showing a detailed view of an order with fields for **입고번호**, **입고점수키**, **입고일시**, and **입고장소**.
- Callout 'b.'**: Points to a window titled **iWMS - 입고작업지시** showing a detailed view of an order with fields for **입고번호**, **입고점수키**, **입고일시**, and **입고장소**.

The screenshot displays the iWMS software interface. At the top, there is a menu bar with options like '파일(F)', '보기(V)', '도구(T)', '데이터(D)', '창(W)', and '도움말(H)'. Below the menu is a toolbar with icons for '시각', '종료', '조회', '견적선택', '비차', '인쇄', and '닫기'. The main window is titled '기본정보' (Basic Information) and contains fields for '참고코드' (Reference Code) with the value '03', and '출고예정일자(시작) ~ 출고예정일자(종료)' (Shipping Date Range) with the value '2003-04-24 00:00:00'. Below this is a '리스트' (List) section with a table of shipments. The table has columns for '선택' (Select), '배송번호' (Delivery No.), '차량번호' (Vehicle No.), '차량규격' (Vehicle Type), '배송중량' (Shipping Weight), '대표거래처' (Main Customer), '참고코드' (Reference Code), and '출고예정일' (Shipping Date). The row for '522' is highlighted. To the right of the main window, there is a detailed view of the selected shipment, showing various data points like '입문일자', '입문번호', '사입량', '부서', '취급번호', '차량PL번호', '입문시간', '출고예정시간', '총문시간', '입문수량', '출문수량', and '구분량'. A blue callout box with the Korean character '가' (ga) points to the '출고예정일' column in the detailed view.

- 3. - ABC

The screenshot displays the iWMS software interface for ABC analysis. The main window is titled "iWMS - [ABC 분석]" and includes a menu bar with options like "파일(F)", "보기(V)", "도구(T)", "데이터(D)", "창(W)", and "도움말(H)". Below the menu is a toolbar with icons for "시작", "종료", "시작", "조회", "신규", "저장", "인쇄", "계산", and "닫기".

The interface is divided into several sections:

- 산출조건 (Output Conditions):** Shows "ABC등급조회" selected.
- 참고코드 (Reference Code):** A field for entering a reference code.
- 참고명칭 (Reference Name):** A field for entering a reference name.
- 산출대상 (Output Target):** Radio buttons for "품목별" (unselected) and "참고품목별" (selected).
- 산출기준 (Output Criteria):** Radio buttons for "출고량" (selected) and "출고금액" (unselected).
- 산출기간 (Output Period):** Date fields showing "2003/04/27" from "2003/04/27".
- ABC등급비율 (ABC Grade Ratio):** Sliders for A등급 (15%), B등급 (70%), C등급 (15%), and D등급 (0%).

On the right side, a data table displays the results of the ABC analysis. The table has columns for "참고코드", "참고명칭", "출고량", "출고금액", and "ABC등급". The data is sorted by ABC grade, with 'A' items at the top and 'D' items at the bottom.
